No. 2863

Introduced by Assembly Members Gray and Jones-Sawyer

February 19, 2016

An act to add Section 19619.8 to, and to add and repeal Chapter 5.2 (commencing with Section 19990.101) of Division 8 of, the Business and Professions Code, relating to gambling, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 2863, as introduced, Gray. Gambling: Internet poker.

(1) Existing law, the Gambling Control Act, provides for the licensure of certain individuals and establishments that conduct controlled games, as defined, and for the regulation of these gambling activities by the California Gambling Control Commission. The Department of Justice has related investigatory and enforcement duties under the act. Any violation of these provisions is punishable as a misdemeanor, as specified. Existing law, the Horse Racing Law, generally regulates horse racing and vests the administration and enforcement of its provisions in the California Horse Racing Board.

This bill, which would be known as the Internet Poker Consumer Protection Act of 2016, would establish a framework to authorize intrastate Internet poker, as specified. The bill would authorize eligible entities to apply for a 7-year license to operate an authorized poker Web site offering the play of authorized Internet poker games to registered players within California, as specified. The bill would require that the license be automatically renewed every 7 years upon application, as specified. The bill would prohibit the offer or play of any gambling game provided over the Internet that is not an authorized Internet poker

game permitted by the state pursuant to these provisions. The bill would provide that it is unlawful for a person to aggregate computers or any other Internet access device in a place of public accommodation within the state, including a club or other association, or a public or other setting, that can accommodate multiple players to simultaneously play an authorized Internet poker game, or to promote, facilitate, or market that activity. The bill would provide that any violation of the Internet Poker Consumer Protection Act of 2016 is punishable as a felony. By creating new crimes, the bill would impose a state-mandated local program.

This bill would require the commission, and any other state agency with a duty pursuant to these provisions, to adopt regulations to implement the provisions within 270 days after the operative date of this bill, in consultation with the department and federally recognized California Indian tribes, and to facilitate the operation of authorized poker Web sites and expedite the state's receipt of revenues. The bill would require an eligible entity, as defined, to pay an application processing fee sufficient to cover all reasonable costs associated with the review of the entity's suitability for licensure and the issuance of the license, for deposit into the Internet Poker Fund, as created by the bill, to be continuously appropriated to the department and the commission in the amounts necessary to perform their duties pursuant to this bill. The bill would require an entity seeking to act as a service provider to apply for a service provider license, employees of a licensed operator or a licensed service provider to obtain employee work permits, and owners, officers, and directors of a licensed operator to be subject to a suitability review and obtain employee work permits. The bill would require an agreement between a licensed operator and a service provider that is a California-owned and operated horse racing association to ensure that at least 50% of the gross gaming revenue that the licensed operator derives from the service provided by the service provider is paid to the service provider. The bill would establish a tribal gaming regulatory authority process for the purpose of processing tribal employee work permits, and authorize a tribe that is a licensed operator to elect to participate in the tribal gaming regulatory authority process.

This bill would require the payment of an annual regulatory fee, for deposit into the Internet Poker Fund, to be continuously appropriated for the actual costs of license oversight, consumer protection, state regulation, and other purposes related to this bill. The bill would require each licensee to pay a one-time license deposit into the General Fund

in an unspecified amount. The license deposit would be credited against quarterly fees equivalent to an unspecified percentage of the licensee's gross gaming revenue proceeds, as specified. The bill would require an applicant for an operator license to provide documentation establishing that the applicant is qualified to pay the one-time license deposit through its own net position or through credit directly to the applicant, as specified. The bill would require the first \$60,000,000 collected each fiscal year pursuant to the license deposit and quarterly fees provisions to be deposited into the California Horse Racing Internet Poker Account, which the bill would establish in the General Fund. The bill would continuously appropriate 95% of the funds in the account to the California Horse Racing Board for distribution, as specified, and would transfer 5% of those funds to the Fair and Exposition Fund, a continuously appropriated fund.

This bill would establish the Unlawful Gambling Enforcement Fund within the General Fund for purposes of ensuring adequate resources for law enforcement charged with enforcing the prohibitions and protections of the provisions described above. The bill would authorize the Attorney General, and other public prosecutors, as specified, to bring a civil action to recover a civil penalty in an unspecified amount against a person who engages in those prohibited activities described above, or other specified unlawful gambling activities in connection with the use of an Internet access device. The bill would provide for an unspecified percentage of revenues from civil penalties collected to be deposited into the fund and used for law enforcement activities pursuant to these provisions, upon appropriation by the Legislature.

This bill would require the commission, in consultation with the department, the Treasurer, and the Franchise Tax Board, to issue a report to the Legislature describing the state's efforts to meet the policy goals articulated in this bill within one year of the operative date of this bill and, annually, thereafter. The bill would also require the Bureau of State Audits, at least 4 years after the issue date of any license by the state, but no later than 5 years after that date, to issue a report to the Legislature detailing the implementation of this bill, as specified.

The bill would provide that specified provisions are not severable, and would repeal its provisions on January 1, 2024.

(2) Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating

the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Vote: 2/3. Appropriation: yes. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

14 those distributions.

34 19990.102. The Legislature hereby finds and declares all of

39 of banking instruments, including credit cards, checks, and fund
40 transfers, for interstate Internet gambling.

1 (b) UIGEA essentially prohibits online gambling by United
 2 States citizens, but includes exceptions that permit individual states
 3 to create a regulatory framework to enable intrastate Internet
 4 gambling, if the bets or wagers are made exclusively within a
 5 single state under certain circumstances.

34 out of a common deck of cards for each round of play, including
35 those games played over the Internet using electronically generated
36 and displayed virtual cards.

37 (B) The object of the game is to hold or draw to a hand
38 containing a predetermined number of cards that, when all cards
39 to be dealt in the round have been distributed and the betting is

1 other players. The pot of bets made is awarded to the player or
2 players holding the combination of cards that qualify as the winning
3 combination under the rules of play. Values may be assigned to
4 cards or combinations of cards in various ways, including in

12 all cards to the players so that they may not be seen by others,
13 dealing the cards open face to the players, dealing through a
14 combination of both, or creating a common set of cards that may
15 be used by all players. The particular rules and winning
16 combinations are made known to the players before each round is
17 dealt.

18 (E) All bets are placed in a common pot. At one or more
19 predetermined points during the game a player may resign,
20 challenge other players to make additional bets into the pot, or
21 demand that players reveal their hand so a winner can be
22 determined.

23 (F) A poker game that has been approved by the commission
24 for play in an authorized live poker room in California pursuant
25 to the Gambling Control Act (Chapter 5 (commencing with Section
26 19800)) shall be eligible for qualification by the commission as

32 or influence the play of the hand, shall not be authorized, offered,
33 or played in connection with an authorized Internet poker game.
34 Subject to this limitation, the rules governing play in an authorized

37 (G) An authorized Internet poker game shall not include a
38 player-dealer position.

40 individuals play against the house or device and win based on

13 player in the game, and the decisions of one player may affect the
14 success or failure of another.

26 19990.301. Under the federal Unlawful Internet Gambling
27 Enforcement Act of 2006, California is permitted to authorize
28 games played via the Internet as long as all players and the online
29 wagering is located within the jurisdiction of the state and the
30 games are not played by minors.

31 19990.302. Notwithstanding any other law, a person who is
32 21 years of age or older and located within California is hereby
33 permitted to participate as a registered player in an authorized
34 Internet poker game provided by a licensed operator on an
35 authorized poker Web site.

36 19990.303. (a) A person shall not do any of the following:

- 37 (1) Offer any game of poker on the Internet in this state unless
38 that person holds a valid license issued by the commission to offer
39 the play of authorized Internet poker games on an authorized poker
40 Web site pursuant to this chapter.

1 (2) Offer to any player located within California any game
2 provided on the Internet that is not authorized by the state pursuant
3 to this chapter.

4 (3) As a player located in this state, play any game provided on
5 the Internet that is not authorized by the state pursuant to this
6 chapter.

7 (b) Subject to an opportunity to cure pursuant to Section
8 19990.521, a violation of this chapter is a felony, punishable by
9 imprisonment pursuant to subdivision (h) of Section 1170 of the
10 Penal Code.

11 19990.304. This chapter does not limit or restrict activities or
12 conduct permitted pursuant to Chapter 5 (commencing with Section
13 19800) or IGRA.

14 19990.305. This chapter does not authorize any game offered
15 in Nevada or New Jersey other than poker.

16 19990.306. A person shall not do either of the following:

17 (a) Aggregate computers or any other Internet access device in
18 a place of public accommodation within the state, including a club
19 or other association, or a public or other setting, that can
20 accommodate multiple players to simultaneously play an authorized
21 Internet poker game.

22 (b) Promote, facilitate, or market the activity described in
23 subdivision (a).

24 19990.307. This chapter does not apply to play-for-fun or
25 play-for-free games.

26
27 Article 4. Licensing of Operators and Service Providers
28

29 19990.401. (a) (1) Within 270 days after the effective date of
30 this chapter, the commission, and any other state agency with a
31 duty pursuant to this chapter, shall, in consultation with the
32 department and tribes, adopt regulations pursuant to the
33 Administrative Procedure Act (Chapter 3.5 (commencing with
34 Section 11340) of Part 1 of Division 3 of Title 2 of the Government
35 Code) to implement this chapter, and to facilitate the operation of
36 authorized poker Web sites and expedite the state's receipt of
37 revenues in compliance with this chapter. The initial adoption,
38 amendment, or repeal of a regulation authorized by this section is
39 deemed to address an emergency, for purposes of Sections 11346.1
40 and 11349.6 of the Government Code, and the commission and

1 those other state agencies are hereby exempted for that purpose
 2 from the requirements of subdivision (b) of Section 11346.1 of
 3 the Government Code. After the initial adoption, amendment, or
 4 repeal of an emergency regulation pursuant to this section, the
 5 commission and those other state agencies shall not request
 6 approval from the Office of Administrative Law to readopt the
 7 regulation as an emergency regulation pursuant to Section 11346.1
 8 of the Government Code, but shall promulgate permanent
 9 regulations in accordance with all applicable law.

10 (2) The regulations adopted by the commission shall at a
 11 minimum address all of the following:

- 12 (A) Underage gambling and problem gambling.
- 13 (B) Resolution of player disputes and complaints.
- 14 (C) Gaming system technical standards and practices.
- 15 (D) Hardware and software standards and compliance.
- 16 (E) License and work permit issuance and processes.
- 17 (F) Suitability standards and determinations.
- 18 (G) Temporary, provisional, and emergency approvals.
- 19 (H) Effect of receiverships, bankruptcy, insolvency, inheritance,
 20 and trusts affecting ownership of a licensee.
- 21 (I) Appeals from adverse decisions.

22 (3) The regulations adopted by the department shall at a
 23 minimum address all of the following:

- 24 (A) Approval of an authorized Internet poker game.
- 25 (B) Authorized Internet poker game rules.
- 26 (C) Authorized Internet poker gaming activities.
- 27 (D) Registered player-assessed fees, as necessary.

28 (b) (1) Each state agency with a duty pursuant to this chapter
 29 shall identify a point of contact at that agency and describe the
 30 responsibility of the contact with respect to the state agency's duty.

31 (2) Any notice provided by a licensee to a state agency pursuant
 32 to this chapter shall be addressed to the contact identified by the
 33 state agency pursuant to paragraph (1).

34 (3) Unless otherwise provided by this chapter, notice by a
 35 licensee to a state agency shall be deemed effective once it is
 36 received by the agency and deemed to be complete. An application
 37 or notice is not deemed complete until all pertinent documents,
 38 information, and fees are submitted to the department.

39 19990.402. (a) Authorized Internet poker games may be
 40 offered only by entities licensed pursuant to this chapter. An

1 eligible entity seeking to offer authorized Internet poker games
2 shall apply to the department for a determination of suitability. If
3 the department determines the applicant is suitable to receive a
4 license, the applicant shall then apply to the commission for an
5 operator license. The applicant shall pay an application processing
6 fee sufficient to cover the reasonable costs associated with the
7 determination of suitability and the issuance of the license.

8 (b) Employees of the licensed operator shall undergo a suitability
9 review and obtain work permits pursuant to Article 6 (commencing
10 with Section 19990.601). Owners, officers, and directors of
11 licensed operators shall also undergo a suitability review and obtain
12 employee work permits pursuant to Article 6 (commencing with
13 Section 19990.601). The commission may refuse to issue a license
14 to an applicant, or suspend or revoke a license of a licensed
15 operator, that fails to comply with this requirement.

16 (c) In order to ensure that licensed operators are not mere
17 facades for unlicensed, unqualified, or undisclosed interests, an
18 applicant for an operator license pursuant to this chapter shall
19 provide documentation to the commission establishing that, if the
20 license is granted, the license applicant will be able, through its
21 own net position or through credit extended directly to the
22 applicant, and with full recourse to it, by a federal or state chartered
23 financial institution not involved with the core functions of the
24 authorized poker Web site, that is entirely secured by an equivalent
25 amount of its own net position, to pay the license deposit required
26 by subdivision (a) of Section 19990.519. In addition, a licensed
27 operator shall submit regular financial reports to the department
28 establishing that the operator meets financial viability requirements,
29 as determined by the commission. The commission may terminate
30 a license if the operator fails to submit the required reports or meet
31 the financial viability requirements.

32 (d) An applicant for an operator license pursuant to this chapter
33 that is a tribe shall include with its license application a limited
34 waiver of the applicant's sovereign immunity. This limited waiver
35 shall apply exclusively to the state, and no other party, solely for
36 the limited purpose of enforcing this chapter and any regulations
37 adopted pursuant to this chapter, and with regard to any claim,
38 sanction, or penalty arising therefrom against the licensed operator
39 by the state, and for no other purpose.

1 (e) The commission shall issue an operator license to an
2 applicant determined by the commission to qualify as an eligible
3 entity within 150 days of receiving an application, if the applicant
4 has already been subjected to a determination of suitability by the
5 department and has been approved by the department to apply to
6 the commission for licensure. All applicants shall undergo a
7 determination of suitability prior to applying for an eligibility
8 determination by the commission.

9 (f) The state may issue operator licenses only to eligible entities
10 identified within this chapter. Any of the eligible entities may
11 jointly apply for an operator license, either as a consortium or by
12 forming an entity comprised entirely of eligible entities. Each
13 eligible entity may have an interest in only a single operator license.

14 (g) An operator license denoting full licensure shall be issued
15 for a term of seven years. Subject to the power of the commission
16 to revoke, suspend, condition, or limit any license, as provided in
17 this chapter, a license shall be automatically renewed every seven
18 years thereafter upon application. Failure of a licensed operator to
19 file an application for renewal may be deemed a surrender of the
20 license.

21 (h) Each initial operator license issued pursuant to this section
22 shall take effect on the same date. That date shall be one year after
23 the effective date of the regulations described in Section 19990.401,
24 unless the commission determines that good cause exists for those
25 licenses to take effect in unison on a subsequent date. Each initial
26 operator license shall be a temporary license, and shall be issued
27 for a term of no longer than two years. The issuance of an initial
28 operator license does not guarantee full licensure.

29 (i) A licensed operator may cease its operations after providing
30 the department with a 90-day advance notice of its intent and a
31 statement explaining its reasons for doing so, which may include
32 the fact that continuing to operate the authorized poker Web site
33 is commercially infeasible. In response to that notice, the state
34 may file an action in the Superior Court of the County of
35 Sacramento as it deems necessary to protect any state interests,
36 including, but not limited to, the interests of registered players.

37 19990.403. (a) A licensee's employees in direct contact with
38 registered players shall be physically present in the state.

39 (b) All primary servers, facilities, bank accounts, and accounting
40 records of the licensee related to authorized Internet poker shall

1 be located in the state, except for redundant servers and except as
2 may be permitted by the commission for a service provider, if the
3 service provider ensures access to and jurisdiction over the relevant
4 servers, facilities, bank accounts, and accounting records.

5 (c) Notwithstanding subdivisions (a) and (b), a licensee may
6 request, and the department may approve, the licensee's use of
7 personnel, servers, facilities, bank accounts, and accounting records
8 not physically present in the state when necessary to protect
9 registered players and state interests, for the purposes of diagnosing
10 and addressing technological problems, investigating fraud and
11 collusion, and developing and supervising software and
12 configuration changes.

13 (d) In addition to any other confidentiality protections afforded
14 to license applicants, the state and its agencies shall treat the
15 proprietary information of a license applicant as confidential to
16 protect the license applicant and to protect the security of any
17 prospective authorized poker Web site. This chapter does not
18 prohibit the exchange of confidential information among state
19 agencies considering a license application. The confidentiality
20 provisions of this chapter exempt proprietary information supplied
21 by a license applicant to a state agency from public disclosure
22 consistent with subdivision (b) of Section 6253 of the Government
23 Code.

24 (e) A license applicant shall submit to the department, together
25 with its application, an application processing fee as specified in
26 subdivision (a) of Section 19990.402. All moneys collected by the
27 state pursuant to this subdivision shall be deposited into the Internet
28 Poker Fund.

29 19990.404. (a) An entity seeking to act as a service provider
30 shall apply to the department for a determination of suitability. If
31 the department determines the applicant is suitable to receive a
32 license, the applicant shall then apply to the commission for a
33 service provider license, and obtain a service provider license,
34 before providing goods or services to a licensed operator in
35 connection with the operation of an authorized poker Web site.

36 (b) The department shall review the suitability of an applicant
37 for a service provider license. The applicant for a service provider
38 license shall pay an application processing fee sufficient to cover
39 the reasonable costs associated with the determination of suitability
40 and the issuance of the license.

1 (c) The department may establish a process to conduct a
2 preliminary determination of suitability based on a partial
3 investigation. A partial investigation is intended to screen out
4 applicants that do not meet the suitability requirements of this
5 chapter. A partial investigation shall include fingerprint-based
6 state and federal criminal history checks and clearances, and
7 inquiries into various public databases regarding credit history and
8 any civil litigation. A partial investigation shall also include a
9 review of the service provider's financial status, which shall include
10 the submission of a report prepared by a forensic accounting, audit,
11 or investigative firm approved by the department, in a format
12 developed by the department, and at the service provider's expense.
13 The report shall include the financial information necessary for
14 the department to make a preliminary determination of suitability.
15 The department may specify additional requirements regarding
16 the contents of the report and any other financial information or
17 documentation required to be submitted. A full investigation shall
18 be conducted of only those service providers that pass the partial
19 investigation and that will undergo a full investigation pursuant
20 to subdivision (d). Those service providers that are awarded a
21 preliminary determination of suitability based on a partial
22 investigation are not guaranteed full licensure. Those service
23 providers that do not pass the partial investigation may appeal the
24 decision to the commission.

25 (d) Before the commission issues a service provider license to
26 an applicant, the department shall conduct the full investigation
27 required by this section of all of the following persons:

- 28 (1) All officers of the license applicant.
29 (2) The owner or owners of either of the following:
30 (A) The license applicant.
31 (B) Any corporate affiliate of the license applicant.
32 (3) Any persons otherwise providing goods to, or performing
33 services for, the license applicant related to core functions.
34 (4) Any person deemed by the department to have significant
35 influence over the license applicant or its service providers or their
36 respective operations.
37 (5) In the case of a tribe or a wholly owned tribal entity that is
38 a service provider, the investigation shall be limited to the business
39 officers of the tribal entity that will serve as the service provider.

1 (e) A full investigation shall include a review and evaluation of
2 the service provider's qualifications and experience to provide the
3 services anticipated, which shall include the required submission
4 of a report prepared on each service provider by an outside firm
5 contracted and supervised by the department, in a format developed
6 by the department, and at the service provider's expense. The
7 report shall include information necessary for the department to
8 make a determination of suitability, as specified in regulations
9 adopted pursuant to this chapter, consisting of, but not limited to,
10 personal history, prior activities and associations, credit history,
11 civil litigation, past and present financial affairs and standing, and
12 business activities, including whether the applicant or an affiliate
13 of the applicant has a financial interest in any business or
14 organization that is or was engaged in any form of gaming or
15 transactions related to gaming prohibited by the law of the federal
16 or state jurisdiction in which those activities took place. The
17 department may specify additional requirements regarding the
18 contents of the report and other information or documentation
19 required to be submitted.

20 (f) An institutional investor holding less than 10 percent of the
21 equity securities of a service provider's holding or intermediary
22 companies shall be granted a waiver of a determination of
23 suitability or other requirement if all of the following apply:

24 (1) The securities are those of a corporation, whether publicly
25 traded or privately held.

26 (2) Holdings of those securities were purchased for investment
27 purposes only.

28 (3) The institutional investor annually files a certified statement
29 with the department to the effect that it has no intention of
30 influencing or affecting the affairs of the issuer, the licensee, or
31 service provider, as applicable, or its holding or intermediary
32 companies.

33 (4) Notwithstanding paragraph (3), the institutional investor
34 may vote on matters submitted to the vote of the outstanding
35 security holders after the investor has been issued a license.

36 (5) The certification described in paragraph (3) shall do all of
37 the following:

38 (A) Include a statement that the institutional investor beneficially
39 owns the equity securities of the corporation for investment
40 purposes only, and in the ordinary course of business as an

1 institutional investor, and not for the purposes of causing, directly
2 or indirectly, the election of members of the board of directors, or
3 effecting a change in the corporate charter, bylaws, management,
4 policies, or operations of the corporation of any of its affiliates.

5 (B) Indicate any changes to the structure or operations of the
6 institutional investor that could affect its classification as an
7 institutional investor, as that term is listed in paragraph (8).

8 (C) State that the institutional investor and corporation shall
9 maintain gaming compliance policies and procedures to implement
10 and ensure compliance with this chapter and regulations adopted
11 pursuant to this chapter.

12 (6) An institutional investor granted a waiver under this
13 subdivision that subsequently decides to influence or affect the
14 affairs of the issuer shall provide not less than 30 days' notice of
15 that intent and shall file with the department a request for
16 determination of suitability before taking an action that may
17 influence or affect the affairs of the issuer. An institutional investor
18 shall not vote prior to being issued a license. If an institutional
19 investor changes its investment intent, or the department finds
20 reasonable cause to believe that the institutional investor may be
21 found unsuitable, the institutional investor shall take no action
22 other than divestiture with respect to its security holdings until it
23 has complied with any requirements established by the department,
24 which may include the execution of a trust agreement. The
25 institutional investor and its relevant holding, related, or subsidiary
26 companies shall immediately notify the department and, if a tribal
27 license is involved, the tribal gaming regulatory authority, of any
28 information about, or actions of, an institutional investor holding
29 its equity securities when that information or action may impact
30 upon the eligibility of the institutional investor for a waiver
31 pursuant to paragraph (2).

32 (7) If at any time the department finds that an institutional
33 investor holding a security of a licensee under this chapter has
34 failed to comply with the terms of this chapter, or if at any time
35 the department finds that, by reason of the extent or nature of its
36 holdings, whether of debt or equity securities, an institutional
37 investor is in a position to exercise such a substantial impact upon
38 the controlling interests of a licensee that investigation and
39 determination of suitability of the institutional investor are
40 necessary to protect the public interest, the department may take

1 any necessary action otherwise authorized by this chapter to protect
2 the public interest.

3 (8) For purposes of this subdivision, an “institutional investor”
4 includes all of the following:

5 (A) A retirement fund administered by a public agency for the
6 exclusive benefit of federal, state, or local public employees.

7 (B) An investment company registered under the federal
8 Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.).

9 (C) A collective investment trust organized by banks under Part
10 9 of the Rules of the Office of the Comptroller of the Currency
11 (12 C.F.R. Sec. 9.1 et seq.).

12 (D) A closed-end investment trust.

13 (E) A chartered or licensed life insurance company or property
14 and casualty insurance company.

15 (F) A federally or state-regulated bank, savings and loan, or
16 other federally or state-regulated lending institution.

17 (G) An investment adviser registered under the federal
18 Investment Advisers Act of 1940 (15 U.S.C. Sec. 80b-1 et seq.).

19 (g) An agreement between a licensed operator and a service
20 provider that is a horse racing association operating pursuant to
21 Chapter 4 (commencing with Section 19400) shall ensure that at
22 least 50 percent of the gross gaming revenue that the licensed
23 operator derives from the service provided by the service provider
24 is paid to the service provider.

25 19990.405. (a) The department shall issue a finding that a
26 license applicant is suitable to obtain a license only if, based on
27 all of the information and documents submitted, the department
28 is satisfied that each of the persons subject to a determination of
29 suitability pursuant to this article is both of the following:

30 (1) A person of good character, honesty, and integrity, or, if an
31 entity, in good standing in its jurisdiction of organization and in
32 all other jurisdictions in which it is qualified, or should be qualified,
33 to do business.

34 (2) A person whose prior activities, criminal record, if any,
35 reputation, habits, and associations do not pose a threat to the
36 public interest of the state, or to the effective regulation and control
37 of authorized Internet poker games, or create or enhance the
38 dangers of unsuitable, unfair, or illegal practices, methods, and
39 activities in the conduct of authorized Internet poker games or in

1 the carrying on of the business and financial arrangements
2 incidental thereto.

3 (b) The department shall issue a finding that a license applicant
4 is not suitable to obtain a license if it finds that a person subject
5 to a determination of suitability pursuant to this article is described
6 by any of the following:

7 (1) The person failed to clearly establish eligibility and
8 qualifications in accordance with this chapter.

9 (2) The person failed to timely provide information,
10 documentation, and assurances required by this chapter or requested
11 by the department, or, with respect to a licensed applicant, failed
12 to reveal any fact material to qualification, or supplied information
13 that is untrue or misleading as to a material fact pertaining to the
14 suitability criteria.

15 (3) The person has been convicted of a felony, including a
16 conviction by a federal court or a court in another state or foreign
17 jurisdiction for a crime that would constitute a felony if committed
18 in California, except that a conviction of a felony involving the
19 hunting or fishing rights of a tribal member while on his or her
20 reservation shall not be included among the class of disqualifying
21 felonies.

22 (4) The person has been convicted of a misdemeanor in a
23 jurisdiction involving dishonesty or moral turpitude within the
24 10-year period immediately preceding the submission of the
25 application, unless the applicant has been granted relief pursuant
26 to Section 1203.4, 1203.4a, or 1203.45 of the Penal Code.
27 However, the granting of relief pursuant to Section 1203.4,
28 1203.4a, or 1203.45 of the Penal Code shall not constitute a
29 limitation on the discretion of the department or affect the
30 applicant’s burden.

31 (5) The person has associated with criminal profiteering activity
32 or organized crime, as defined in Section 186.2 of the Penal Code.

33 (6) The person has contemptuously defied a legislative
34 investigative body, or other official investigative body of a state
35 or of the United States or a foreign jurisdiction, when that body is
36 engaged in the investigation of crimes relating to poker, official
37 corruption related to poker activities, or criminal profiteering
38 activity or organized crime, as defined in Section 186.2 of the
39 Penal Code.

40 (7) The person is less than 21 years of age.

1 (8) (A) The person has been convicted in a court of competent
2 jurisdiction of a felony consisting of either having accepted a bet
3 over the Internet in violation of United States or California law,
4 or having aided or abetted that unlawful activity.

5 (B) A licensee shall not enter into a contract or agreement with
6 a person or entity described in subparagraph (A).

7 (c) License applications shall be treated as follows:

8 (1) The commission shall reject the license application of an
9 applicant found to be ineligible for licensure.

10 (2) If denial of the application, or approval of the license with
11 restrictions or conditions on the license, is recommended, the
12 department shall prepare and file with the commission written
13 reasons upon which the recommendation is based. Prior to filing
14 its recommendation with the commission, the department shall
15 meet with the applicant, or the applicant's duly authorized
16 representative, and inform the applicant generally of the basis for
17 a proposed recommendation that the application be denied,
18 restricted, or conditioned.

19 (3) This section does not require the department to divulge to
20 the applicant confidential information received from a law
21 enforcement agency or information received from a person with
22 assurances that the information would be maintained confidential,
23 nor to divulge any information that might reveal the identity of an
24 informant or jeopardize the safety of a person.

25 (4) Denial of an application shall be without prejudice to a new
26 and different application filed in accordance with any regulations
27 adopted by the commission with respect to the submission of
28 applications.

29 (5) An applicant may withdraw its application for a license at
30 any time prior to final action on the application by the commission
31 by filing a written request with the commission to withdraw the
32 application, absent knowledge of a specific reason to suspect that
33 the person or entity may be found unsuitable.

34 19990.406. (a) This chapter does not restrict the authority of
35 a tribe that is a licensed operator or that owns a tribal enterprise
36 that is a licensed operator to conduct suitability reviews of its
37 service providers.

38 (b) This chapter also does not prohibit a tribal gaming regulatory
39 authority from providing the results of its suitability investigations

1 or determinations to the commission or department for its
2 consideration in issuance of licenses pursuant to this chapter.

3

4 Article 5. Requirements for the Operation of an Authorized
5 Poker Web Site
6

7 19990.501. (a) A licensed operator shall ensure that registered
8 players are eligible to play authorized Internet poker games and
9 implement appropriate data security standards to prevent access
10 by a person whose age and location have not been verified in
11 accordance with this chapter.

12 (b) A registered player shall be physically located within the
13 State of California at the time of gambling.

14 (c) A registered player shall be at least 21 years of age.

15 (d) Each licensed operator shall do all of the following, whether
16 directly or through the actions of its licensed service providers:

17 (1) Prior to registering a person as a registered player or
18 permitting a person to play an authorized Internet poker game, the
19 licensed operator shall verify that the person is 21 years of age or
20 older.

21 (2) The licensed operator shall attempt to match the name,
22 address, and date of birth provided by the person to information
23 contained in records in a database of individuals who have been
24 verified to be 21 years of age or older by reference to an appropriate
25 database of government records.

26 (3) The licensed operator shall verify that the name and physical
27 billing address on the check or credit card offered for payment by
28 the person seeking to be a registered player matches the name and
29 address listed in the database.

30 (4) If the licensed operator is unable to verify that the person is
31 21 years of age or older pursuant to paragraph (1), the licensed
32 operator shall require the person to submit age-verification
33 documents consisting of an attestation signed by the person that
34 he or she is 21 years of age or older and a copy of a valid form of
35 government identification. For the purposes of this section, a valid
36 form of government identification includes a driver’s license, state
37 identification card, passport, official naturalization or immigration
38 document, such as an alien registration receipt card or an immigrant
39 visa, or United States military identification. The licensed operator
40 shall verify that the physical billing address on the check or credit

1 card provided by the person matches the address listed on his or
2 her government identification.

3 (5) The licensed operator shall not permit registered players to
4 make payments or withdrawals by money order or cash, except
5 that a licensed operator may permit registered players to make
6 payments or withdrawals by money order or cash in person at the
7 land-based gaming facility operated by the licensed operator. The
8 licensed operator shall submit information to each credit card
9 company through which it makes credit card sales, in an
10 appropriate form and format so that the words “Internet poker” or
11 equivalent description is printed on the purchaser’s credit card
12 statement with that credit card company, when a payment to a
13 licensed operator is made by credit card and the transaction is
14 categorized as required by law.

9 (e) A licensee shall be afforded a reasonable time period to cure
10 any reported violation. During this time period, a licensee shall
11 not be subject to prosecution for the criminal penalty described in
12 Section 19990.303, or liable for the civil penalties described in
13 this article.

14 (f) The department shall have subpoena power in an
15 investigation of any violation of this chapter, or any regulation
16 adopted pursuant to this chapter.

17 (g) The commission may revoke or suspend any license or work
18 permit under this chapter upon reaching a finding that the licensee
19 or employee is in violation of any provision of this chapter, or any
20 regulation adopted pursuant to this chapter. However, a tribal
21 licensee shall not have its license suspended or revoked, or be
22 fined or otherwise penalized, for complying with any applicable
23 federal law or regulation when operating an authorized poker Web
24 site on Indian lands. To the extent that any state requirement is
25 more stringent than any applicable federal requirement, the tribal
26 licensee shall comply with the more stringent state requirement,
27 unless the federal requirement preempts state law.

28 (h) A licensee may appeal any final decision of the department
29 pursuant to this section to the superior court. The superior court
30 shall hear any appeal de novo.

31 (i) The department shall protect the rights and assets of
32 registered players on an authorized poker Web site if the licensed
33 operator's license pursuant to this chapter is revoked or the licensed
34 operator becomes bankrupt.

35 19990.522. (a) (1) A license issued pursuant to this chapter
36 is not transferable.

37 (2) If a licensed operator seeks to change the ownership of its
38 land-based gaming facility, both of the following apply:

1 (A) The license held by the licensed operator under this chapter
2 shall be rendered void upon the date of any change of ownership
3 in the land-based gaming facility.

4 (B) Prior to a change in ownership, the acquiring person shall
5 apply to become a licensed operator, at which point the commission
6 shall determine whether the person is legally qualified to be a
7 licensed operator under this chapter.

8 (b) The department shall investigate to ensure that any person
9 acquiring an interest in a licensee is suitable, and otherwise
10 financially, technically, and legally qualified to be a licensee
11 pursuant to this chapter. If an acquiring person is found to be
12 unsuitable to be a licensee, or otherwise not financially, technically,
13 or legally qualified to be a licensee, the licensed operator or the
14 acquiring person may challenge that determination.

15 19990.523. All facilities, software, including downloadable
16 programs, and any other property, both tangible and intangible,
17 used by the licensed operator in offering authorized Internet poker
18 games for play on an authorized poker Web site shall be the
19 property of the licensed operator or its licensed service providers,
20 and shall be subject to the review of the department and the
21 approval of the commission.

22 19990.524. If any dispute arises between the state and a
23 licensee, either the commission or a licensee may file an action in
24 the superior court of any county in which the commission has an
25 office for an interpretation of the rights and responsibilities of the
26 state and the licensee pursuant to this chapter.

27 19990.525. (a) (1) The department or commission may
28 contract with other public or private entities, including, but not
29 limited to, state, tribal, and international regulatory agencies, for
30 the provision of services related to a responsibility imposed on the
31 department or commission by this chapter if all of the following
32 are satisfied:

33 (A) The contract will assist with the provision of efficient,
34 effective, and robust regulation of intrastate Internet poker.

35 (B) The contract provides access to expertise that has been tested
36 and proven in the poker industry.

37 (C) The department or commission retains administrative control
38 and responsibility for ensuring compliance with this chapter.

39 (2) In order to expedite the implementation of intrastate Internet
40 poker, a contract entered into pursuant to paragraph (1) is not

1 subject to the Public Contracts Code, or otherwise applicable
2 contracting provisions of the Government Code.

3 (b) A state agency with a duty pursuant to this chapter may enter
4 into agreements to share information with other regulatory and
5 law enforcement agencies to assist in performing the state agency’s
6 duty.

Article 6. Employee Work Permits

10 19990.601. (a) Except as provided in Section 19990.602, a
11 licensee shall submit an application and applicable fees to the
12 department and apply to the commission for an employee work
13 permit on behalf of each employee.

14 (b) Prior to initiating operations and thereafter, a licensee shall
15 ensure that every employee has been issued an employee work
16 permit by the commission prior to that person having access to the
17 licensee’s facilities. The permit shall be renewed every two years.

18 (c) The commission shall issue an employee work permit only
19 if, based on all of the information and documents submitted, the
20 commission is satisfied that the applicant is, at a minimum, all of
21 the following:

- 22 (1) A person of good character, honesty, and integrity.
- 23 (2) A person whose prior activities, criminal record, if any,
24 reputation, habits, and associations do not pose a threat to the
25 integrity of a gaming operation or public interest of this state, or
26 to the effective regulation and control of controlled gambling, as
27 defined in Section 19805, or create or enhance the dangers of
28 unsuitable, unfair, or illegal practices, methods, and activities in
29 the conduct of controlled gambling or in the carrying on of
30 incidental business and financial arrangements.
- 31 (3) A person who is in all other respects qualified to hold an
32 employee work permit as provided in this chapter.

33 (d) The commission shall not issue an employee work permit
34 unless the applicant meets the qualification standards adopted by
35 the commission by regulation. A tribal gaming regulatory authority
36 may impose additional qualifications with respect to activities on
37 Indian lands.

38 19990.602. (a) A tribe that is a licensed operator, or that owns
39 a tribal enterprise that is a licensed operator, may elect to
40 participate in the tribal gaming regulatory authority process

1 prescribed by this section for the issuance of employee work
2 permits. If the tribe does not elect to participate in the tribal gaming
3 regulatory authority process as provided in this section, then the
4 process specified in this section regarding submission and action
5 by the tribal gaming regulatory authority on the application for
6 employee work permit shall not apply, and the other provisions of
7 this chapter shall instead govern.

8 (b) The joint state and tribal processes required pursuant to this
9 section are intended to promote and involve joint cooperation
10 among the tribal gaming regulatory authority, the commission,
11 and the department.

12 (c) The tribal employee work permit process shall be as follows:

13 (1) All applications for employee work permits first shall be
14 filed with the tribal gaming regulatory authority, which shall
15 promptly file a copy of the application with the commission,
16 together with information regarding the filing date and the payment
17 of fees and deposits. The application shall be accompanied by the
18 fees required in Section 19990.605, except those fees shall be
19 deposited into a tribal account created for the purpose of holding
20 the deposited funds and using them for the costs of the suitability
21 review and the issuance of the license.

22 (2) In reviewing an application for a work permit, the tribal
23 gaming regulatory authority shall determine whether issuance of
24 the employee work permit would meet the suitability standards
25 set forth in this chapter. The tribal gaming regulatory authority
26 shall not issue a permit unless, based on all information and
27 documents submitted, the tribal gaming regulatory authority
28 determines that the applicant meets all of the criteria set forth in
29 this chapter for the issuance of the employee work permit.

30 (3) The tribal gaming regulatory authority shall conduct, or
31 cause to be conducted, all necessary determinations of suitability
32 reasonably required to determine that the applicant is qualified for
33 an employee work permit under the standards set forth in this
34 chapter for the issuance of the employee work permit.

35 (4) In lieu of completing its own determination of suitability,
36 and to the extent that doing so does not conflict with or violate
37 this chapter, the tribal gaming regulatory authority may contract
38 with the department for the conduct of determinations of suitability,
39 may rely on a state certification of nonobjection previously issued
40 under a gaming compact involving another tribe, or may rely on

1 a state gaming license previously issued to the applicant, to fulfill
2 some or all of the tribal gaming regulatory authority’s
3 determination of suitability obligation. An applicant for a tribal
4 employee work permit shall provide releases to make background
5 information regarding the applicant available to the tribal gaming
6 regulatory authority, the department, and the commission.

7 (5) Upon completion of the necessary determination of
8 suitability, the tribal gaming regulatory authority may issue a
9 finding that the person or entity is eligible for an employee work
10 permit on a conditional or unconditional basis. This section does
11 not create a property or other right of an applicant in an opportunity
12 to be permitted, or in a permit itself, both of which shall be
13 considered privileges granted to the applicant in the sole discretion
14 of the tribal gaming regulatory authority.

15 (6) Upon receipt of a completed license application and a
16 determination by the tribal gaming regulatory authority that the
17 applicant is eligible and suitable for the employee work permit,
18 the tribal gaming regulatory authority shall transmit to the
19 commission a notice of intent to issue a permit to the applicant.
20 The tribal gaming regulatory authority shall not issue an employee
21 work permit until the process required by paragraph (7) is
22 complete.

23 (7) After receipt of the tribal gaming regulatory authority’s
24 notice pursuant to paragraph (6), and upon completion of the
25 necessary determination of suitability, the commission shall issue
26 a notice to the tribal gaming regulatory authority stating its finding
27 that the applicant is suitable or is not suitable for the requested
28 permit. The commission may charge an additional application
29 processing fee pursuant to Section 19990.605 to cover the
30 reasonable costs of conducting its verification of suitability.

31 (A) If the commission notices a finding that the applicant is
32 suitable, the tribal gaming regulatory agency shall issue an
33 employee work permit to the applicant. The permit shall be
34 effective pursuant to this chapter as though issued by the
35 commission.

36 (B) If the commission notices a finding that the applicant is not
37 suitable, the tribal gaming regulatory authority shall not issue the
38 requested permit. Prior to denying an application for a
39 determination of suitability, the commission shall notify the tribal
40 gaming regulatory authority and afford the tribe an opportunity to

1 be heard. If the commission denies an application for a
2 determination of suitability, the commission shall provide the
3 applicant with written notice of all appeal rights available under
4 state law.

5 (C) Upon receipt of notice that the commission or department,
6 collectively or individually, or the tribal gaming regulatory
7 authority has determined that a person would be unsuitable in a
8 similar application filed in connection with a nontribal operation,
9 the tribal gaming regulatory authority shall not issue the requested
10 permit or, if that notice is received after issuance of the permit,
11 promptly revoke that permit. However, the tribal gaming regulatory
12 authority may, in its discretion, reissue a permit to the person
13 following entry of a final judgment reversing the determination of
14 the commission and department in a proceeding in state court
15 conducted pursuant to Section 1085 of the Code of Civil Procedure.

16 (8) A tribal permit application submitted pursuant to this section
17 may be denied, and any permit issued may be revoked, if the tribal
18 gaming regulatory authority determines that the application is
19 incomplete or deficient, or if the applicant is determined to be
20 unsuitable or otherwise unqualified for a permit. Pending
21 consideration of revocation, the tribal gaming regulatory authority
22 may suspend a permit. All rights to notice and hearing shall be
23 governed by the rules of the tribal gaming regulatory authority,
24 which shall meet minimum requirements to be developed among
25 the tribes, the commission, and the department, and as to which
26 the applicant shall be notified in writing, along with notice of an
27 intent to suspend or revoke the permit.

28 (9) The tribal gaming regulatory authority may summarily
29 suspend an employee work permit issued pursuant to this section
30 if the tribal gaming regulatory authority determines that the
31 continued permitting of the person or entity could constitute a
32 threat to the public health or safety or may violate this chapter.

33 (d) The commission and tribal gaming regulatory authorities
34 conducting suitability reviews pursuant to this section shall
35 cooperate in sharing as much background information as possible
36 in order to maximize investigative efficiency and thoroughness,
37 to minimize investigative costs, and to expedite the permitting
38 process.

39 (e) The commission and the tribes that have elected to conduct
40 suitability reviews pursuant to this section shall cooperate in

1 developing standard forms for tribal gaming employee work permit
2 applicants, on a statewide basis, that reduce or eliminate duplicative
3 or excessive paperwork, and that take into account the requirements
4 of this chapter and the expense of compliance with those
5 requirements.

6 19990.603. An applicant for an employee work permit is
7 disqualified if the applicant is described by any of the following:

8 (a) The applicant failed to clearly establish eligibility and
9 qualifications in accordance with this chapter.

10 (b) The applicant failed to timely provide information,
11 documentation, and assurances required by this chapter or requested
12 by any state official, or, with respect to a licensed applicant, failed
13 to reveal any fact material to qualification, or supplied information
14 that is untrue or misleading as to a material fact pertaining to the
15 suitability criteria.

16 (c) The applicant has been convicted of a felony, including a
17 conviction by a federal court or a court in another state or foreign
18 jurisdiction for a crime that would constitute a felony if committed
19 in California, except that a conviction of a felony involving the
20 hunting or fishing rights of a tribal member while on his or her
21 reservation shall not be included among the class of disqualifying
22 felonies.

23 (d) The applicant has been convicted of a misdemeanor in a
24 jurisdiction involving dishonesty or moral turpitude within the
25 10-year period immediately preceding the submission of the
26 application, unless the applicant has been granted relief pursuant
27 to Section 1203.4, 1203.4a, or 1203.45 of the Penal Code.
28 However, the granting of relief pursuant to Section 1203.4,
29 1203.4a, or 1203.45 of the Penal Code shall not constitute a
30 limitation on the discretion of the department or affect the
31 applicant's burden.

32 (e) The applicant has associated with criminal profiteering
33 activity or organized crime, as defined in Section 186.2 of the
34 Penal Code.

35 (f) The applicant has contemptuously defied a legislative
36 investigative body, or other official investigative body of a state
37 or of the United States or a foreign jurisdiction, when that body is
38 engaged in the investigation of crimes relating to poker, official
39 corruption related to poker activities, or criminal profiteering

1 activity or organized crime, as defined in Section 186.2 of the
2 Penal Code.

3 (g) The applicant is less than 21 years of age.

4 (h) The applicant has been convicted in a court of competent
5 jurisdiction of a felony consisting of either having accepted a bet
6 over the Internet in violation of United States or California law,
7 or having aided or abetted that unlawful activity.

8 19990.604. (a) If a licensed operator has any owners, officers,
9 or directors who are not employees, it shall ensure that each of
10 those persons obtains an employee work permit before having any
11 role or decisionmaking authority regarding the licensed operator's
12 gaming operations.

13 (b) If the licensed operator is a tribal enterprise controlled by
14 an independent board of directors, the officers, directors, and
15 employees of that tribal enterprise are subject to suitability review
16 pursuant to this section. This section does not require that an
17 officer, director, employee, or member of the tribe that owns the
18 tribal enterprise be subject to suitability review if that individual
19 is not also an officer, director, employee, or member of the tribal
20 enterprise or a person who controls the core functions of the tribal
21 enterprise.

22 19990.605. The commission, the department, and, if applicable,
23 the tribal gaming regulatory authority, shall establish application
24 processing fees to be paid by a licensee for the reasonable cost of
25 determinations of suitability for, and issuance of, employee work
26 permit applications. The commission shall establish processes for
27 the revocation or suspension of an employee work permit, and to
28 withdraw an application for an employee work permit.

29 19990.606. A licensed operator or service provider shall not
30 enter into, without prior approval of the commission, a contract
31 or agreement with either of the following:

32 (a) A person who is denied a gambling license or employee
33 work permit pursuant to Chapter 5 (commencing with Section
34 19800), or whose gambling license or employee work permit is
35 suspended or revoked.

36 (b) Any business enterprise under the control of a person
37 described in subdivision (a), after the date of receipt of notice of
38 the action.

39 19990.607. (a) (1) A licensed operator or service provider
40 shall not employ, without prior approval of the commission, a

1 person in any capacity for which he or she is required to have an
2 employee work permit, if the person has been denied a gambling
3 license or an employee work permit pursuant to Chapter 5
4 (commencing with Section 19800), or if his or her gambling license
5 or employee work permit has been suspended or revoked after the
6 date of receipt of notice of the action by the commission or tribal
7 gaming regulatory authority.

8 (2) A licensed operator or service provider shall not enter into
9 a contract or agreement with a person whose application for a
10 gambling license or an employee work permit has been withdrawn
11 with prejudice, or with a business enterprise under the control of
12 that person, for the period of time during which the person is
13 prohibited from filing a new application for a gambling license or
14 an employee work permit.

15 (b) (1) If an employee who is required to hold an employee
16 work permit pursuant to this chapter is denied an employee work
17 permit, or has his or her employee work permit revoked, the
18 employee shall be terminated immediately in all capacities. Upon
19 notifying the licensee of the denial or revocation, the employee
20 shall have no further involvement in the gambling operation.

21 (2) If an employee who is required to hold an employee work
22 permit pursuant to this chapter has his or her employee work permit
23 suspended, the employee shall be suspended in all capacities. Upon
24 notifying the licensee of the suspension, the employee shall not
25 be permitted to have any involvement in the gambling operation
26 during the period of suspension.

27 (3) A licensed operator or service provider shall not designate
28 another employee to replace the employee whose employment was
29 terminated or suspended, unless the other employee has an existing
30 work permit.

31 (c) A licensed operator or service provider shall not pay to a
32 person whose employment has been terminated or suspended as
33 described in subdivision (b) any remuneration for any service
34 performed in any capacity in which the person is required to hold
35 an employee work permit, except for amounts due for services
36 rendered before the date of receipt of the notice.

37 (d) Except as provided in subdivision (b), a contract or
38 agreement for the provision of services or property to a licensed
39 operator or service provider or for the conduct of any activity
40 pertaining to the operation of an authorized poker Web site, that

1 is to be performed by a person required by this chapter, or by
2 regulation, to hold an employee work permit, shall be terminated
3 upon a suspension or revocation of the person's employee work
4 permit.

5 (e) If a contract or agreement for the provision of services or
6 property to a licensed operator or service provider, or for the
7 conduct of any activity at an authorized poker Web site, is to be
8 performed by a person required by this chapter or by regulations
9 adopted pursuant to this chapter, to hold an employee work permit,
10 the contract or agreement shall be deemed to include a provision
11 for its termination without liability on the part of the licensed
12 operator or service provider upon a suspension or revocation of
13 the person's employee work permit. In any action brought by the
14 commission to terminate a contract or agreement pursuant to
15 subdivision (d) or this subdivision, it is not a defense that the
16 contract or agreement does not expressly include the provision
17 described in this subdivision, and the lack of express inclusion of
18 the provision in the contract or agreement is not a basis for
19 enforcement of the contract or agreement by a party to the contract
20 or agreement.

21

22 Article 7. Protection of Registered Players

23

24 19990.701. A licensed operator shall use its best efforts to
25 protect registered players. Subject to the approval of the
26 department, and consistent with uniform standards established by
27 the department by regulation, each licensed operator shall establish
28 administrative procedures to resolve registered player complaints.

29 19990.702. (a) If a registered player has a complaint against
30 a licensed operator, the exclusive remedy shall be to register the
31 complaint with the department.

32 (b) The department shall establish regulations with respect to
33 registered player complaints.

34 (c) Under the regulations, the department shall do all of the
35 following:

36 (1) Investigate registered player complaints to determine if a
37 licensed operator has failed to meet its obligations to a registered
38 player.

39 (2) Attempt to resolve complaints by registered players if a
40 licensed operator fails to meet an obligation to a registered player.

1 (3) Initiate enforcement actions to require specific performance
2 of any obligation that the department has determined a licensed
3 operator has failed to fulfill with respect to a registered player.

4 (d) A licensed operator may appeal any action by the department
5 pursuant to this article to the superior court, which shall review
6 the appeal de novo.

7

8 Article 8. Financial Provisions for State Regulation and
9 Unlawful Gambling Enforcement

10

11 19990.801. The Treasurer shall transfer all amounts received
12 pursuant to subdivision (a) of Section 19990.402, subdivision (e)
13 of Section 19990.403, subdivision (b) of Section 19990.404,
14 subdivision (c) of Section 19990.519, and Section 19990.605 to
15 the Controller for deposit in the Internet Poker Fund, which is
16 created in the State Treasury, to be administered by the department.
17 Notwithstanding Section 13340 of the Government Code, all
18 moneys in the fund are continuously appropriated to the department
19 and the commission, without regard to fiscal years, in the amounts
20 necessary for the department and the commission to perform their
21 duties under this chapter.

22 19990.802. (a) The Unlawful Gambling Enforcement Fund is
23 hereby established within the General Fund for purposes of
24 ensuring adequate resources for law enforcement charged with
25 enforcing the prohibitions and protections of this chapter. The
26 Unlawful Gambling Enforcement Fund shall be funded by
27 depositing:

28 (1) ____ percent of the revenue from the civil penalties
29 recovered by law enforcement authorities pursuant to Section
30 19990.803 into the fund prior to the distribution required under
31 subdivision (c) of Section 19990.803.

32 (2) All amounts or property recovered pursuant to Section
33 19990.804.

34 (3) ____ percent of the duties paid by licensed operators
35 pursuant to subdivision (b) of Section 19990.519, after any
36 distribution required by Section 19619.8.

37 (4) The revenue from the civil penalties recovered pursuant to
38 subdivision (f) of Section 19990.501.

1 (b) Up to ____ million dollars (\$____) in the fund may be
2 expended annually by the Attorney General, upon appropriation
3 by the Legislature, for the purposes of this chapter.

4 19990.803. (a) Except as provided in subdivision (f) of Section
5 19990.501, a person who engages or conspires to engage in
6 activities prohibited by this chapter, or in connection with the use
7 of an Internet access device, activities prohibited by Section 321,
8 322, 323, 324, 326, 330, 330a, 330b, 330c, 330.1, 330.4, or 331
9 of the Penal Code, is liable for a civil penalty not to exceed ____
10 dollars (\$____) for each violation, in addition to any other penalty
11 or remedy that may be imposed by law, which shall be assessed
12 and recovered in a civil action brought in the name of the people
13 of the State of California by the Attorney General, a district
14 attorney, a county counsel authorized by agreement with the district
15 attorney in an action involving the violation of a county ordinance,
16 the city attorney of a city having a population in excess of 750,000
17 persons, the city attorney of a city and county, or, with the consent
18 of the district attorney, the city prosecutor in a city with a full-time
19 city prosecutor, in a court of competent jurisdiction.

20 (b) In determining the amount of the civil penalty described in
21 subdivision (a), the court shall consider any relevant circumstance
22 presented by a party to the case, including, but not limited to, any
23 of the following:

- 24 (1) The nature and seriousness of the misconduct.
- 25 (2) The number of violations.
- 26 (3) The persistence of the misconduct.
- 27 (4) The length of time over which the misconduct occurred.
- 28 (5) The willfulness of the defendant's misconduct.
- 29 (6) The defendant's assets, liabilities, and net worth.

30 (c) (1) Subject to paragraph (1) of subdivision (a) of Section
31 19990.802, civil penalties recovered by law enforcement authorities
32 pursuant to this section shall be allocated as follows:

33 (A) If the action is brought by the Attorney General, one-half
34 of the penalty collected shall be paid to the treasurer of the county
35 in which the judgment was entered for deposit into that county's
36 general fund, and one-half to the Treasurer for deposit into the
37 Unlawful Gambling Enforcement Fund.

38 (B) If the action is brought by a district attorney or county
39 counsel, the penalty collected shall be paid to the treasurer of the

1 county in which the judgment was entered for deposit into that
2 county's general fund.

3 (C) If the action is brought by a city attorney or city prosecutor,
4 one-half of the penalty collected shall be paid to the treasurer of
5 the city in which the judgment was entered for deposit into that
6 city's general fund, and one-half to the treasurer of the county in
7 which judgment was entered for deposit into that county's general
8 fund. If the action is brought by the city attorney of a city and
9 county, the entire amount of the penalty collected shall be paid to
10 the treasurer of the city and county in which the judgment was
11 entered.

12 (2) The revenue from all civil penalties allocated to the Unlawful
13 Gambling Enforcement Fund pursuant to subparagraph (A) of
14 paragraph (1), upon appropriation by the Legislature, shall be used
15 by the Attorney General exclusively to support the investigation
16 and enforcement of violations of California's gambling laws,
17 including the implementation of judgments obtained from
18 prosecution and investigation of those violations and violations
19 of, in connection with the use of an Internet access device, Sections
20 321, 322, 323, 324, 326, 330, 330a, 330b, 330c, 330.1, 330.4, and
21 331 of the Penal Code, and other activities that are in furtherance
22 of this chapter.

23 (3) The revenue from all civil penalties allocated to the treasurer
24 of the county, city, or city and county in which the judgment was
25 entered pursuant to subparagraphs (A), (B), and (C) of paragraph
26 (1) shall be for the exclusive use of the district attorney, the county
27 counsel, the city attorney, or the city prosecutor, whichever is
28 applicable, for the enforcement of this chapter and existing laws
29 prohibiting illegal gambling activity.

30 19990.804. (a) Any money, other representative of value, or
31 real or personal property used in, or derived from, the play of a
32 game provided on the Internet that is not authorized by the state
33 pursuant to this chapter is subject to seizure by the department or
